APPENDIX D

PHOTO RECORD

(Photos were taken on 10 January 2011)
Figure C1: Sandfontein site from the east.

Figure C2: View to the north from the Sandfontein site.
Figure C3: Small instream dam excavated in an unnamed ephemeral watercourse between the existing gravel road and the site of the proposed dwelling.

Figure C4: An access track of approximately 150m long was cleared to link the proposed dwelling (excavated terrace) with the existing gravel road.
Figure C5: Excavated terrace on which the proposed house is intended to be built.

Figure C6: Current visibility of the cleared site from the Ashton-McGregor gravel road.
