Attention Mr Denzel Smit

Dear Sir,

AAN DE DOORNS COMMUNITY TRUST: WATER RIGHTS

Your correspondence in the above matter, refers.

As our Management Committee meeting of 16 April 2008 your request for the allocation of 2.5 ha of water rights to the Trust has been discussed. The decision in this regard was as follows:

1. Central Breede River Water Users Association supports your request.

2. In a recent license application by Central Breede River WUA, it has been proven that a substantial quantity of water (± 990 ha) is available from the Greater Brandvlei Scheme for allocation to development projects for historically disadvantaged communities.

3. The Committee recommends that you approach Mr John Roberts at the Bellville regional office of the Department of Water Affairs and Forestry, since he is in a position to make such allocations.

We sincerely hope that the Department will be able to grant your request speedily. We also offer any further assistance that you may require.

Yours sincerely
